

Ballistic Crash Gate

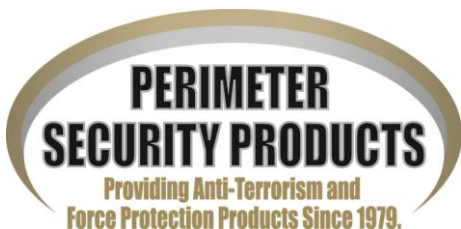

The Heavy Duty Slide Gate can be opened by one person. The gate includes a man door which is opened from the inside and has a ballistic window.

Gate has been certified to stop a 10,000 pound vehicle traveling 20 mph. After the certification test, the gate was found to be in operating condition with no apparent physical damage. The gate includes NIJ 3 Ballistic steel which covers the entire opening up to 8 ft.
