

CONTAINER TRAILER

The Container Trailer can be used to transport Quadcon (5 x 8 ft.) Containers or Tricon (6.5 x 8 ft.) Containers. The containers are loaded onto the locking lugs by forklift or other material handling equipment. Once loaded onto the trailer, it can be quickly locked into place for transportation.

The hitch is adjustable from 24 to 32 inches above the ground and can be either a pintle or ball hitch. Standard trailer has electric brakes on all 4 wheels with surge brakes optional. The trailer is 86 inches wide and can be shipped overseas inside a standard shipping container.

Standard color is desert tan. Other colors available upon request.
